1. Emergency Declaration Resolution (Chairman)

The next regularly scheduled meeting of the Madison County Commission will be Wednesday, April 15th, 2020 at ten in the morning.

While this meeting is open to the public, we encourage citizens to follow recommended Centers for Disease Control and Prevention (CDC) guidelines of social distancing. The CDC further recommends individuals refrain from attending in-person events where large numbers may gather. These recommendations are made to reduce introduction of the virus into new communities and to slow the spread of infection.

If someone would like to attend the meeting, we ask you to report to the Westside Courthouse entrance no later than 9:30am on Wednesday, where you will be escorted to Courtroom #1 on the 2nd Floor.
