### REQUEST FOR TEMPORARY POWER TO A RESIDENTIAL STRUCTURE FOR PURPOSES OF CONSTRUCTION

I hereby request that temporary power be relocated to the permanent utility meter base at the following address:

---

PERMIT # \_\_\_\_\_

I do hereby certify temporary power is to be used for construction purposes **ONLY**. The temporary power permit for the above referenced address is valid for 60 days and may be re-permitted. The temporary power is to be in the name of the contractor **ONLY** and cannot be removed from the contractor's name until a certificate of occupancy is issued. All requirements set forth in the attached document must be maintained.

I, the undersigned, understand that any violation of these requirements may result in a discontinuance of temporary power at the above referenced address. Furthermore, I understand that any violation of these requirements may result in forfeiture to participate in future temporary power permits.

I have read and understand and have true knowledge of the contents and responses to the above application.
